

With our growing patient load at Hope Pregnancy Clinic, we need to add more staff and volunteers!

We hope to hire a **nurse**, and we'll train her to give obstetrical ultrasound scans. This position is 16-24 hours per week.

We also have a huge need for additional volunteer **advocates** (options counseling). We provide extensive training for these volunteers as well. Each will serve a regular four-hour shift each week.

Those interested may view job descriptions on our website at [www.hopeforsalem.org](http://www.hopeforsalem.org). Contact Beth Maurer at [beth@hopeforsalem.org](mailto:beth@hopeforsalem.org) for more information.
