

EVERY GIFT MAKES AN IMPACT!

Hope Pregnancy Clinic's annual Baby Bottle Campaign may look different this year, but the needs of our patients remain unchanged.

We hope you will join us in coming alongside women facing unplanned pregnancies and empower them to make healthy, life-affirming decisions.

This year, as with so many other areas of life, we must continue on with our mission but just in a new way. As our church families are not able to gather in person, our **Baby Bottle** campaign is being modified this year so you can still participate and help save lives. To this end, we now have several ways for you to be involved without physically handing out the bottles.

Options for participation

1. Mail your gift by check or credit card using the response form below.
2. Donate online at www.hopeforsalem.org
3. Text "BABY" to 503-850-2089
4. Physical baby bottles are available if you would like. Contact Hope by phone (503) 364-2464 or email whitney@hopeforsalem.org to make arrangements.

Yes, Mike, I want to help Hope reach women who are unprepared for pregnancy and need Hope's services.
