

Group Host Guide

A great way to support Hope Pregnancy Clinic is to introduce new people to Hope's mission. The annual Dessert is usually our best way to share Hope with your social and professional networks. This year, although our format is different, you still have the opportunity to invite people to look inside Hope and join in the life-saving work we do.

Here are a few ideas and suggestions to help you as a Group Host for this year's Dessert:

- Invite your friends, family – anyone who might be interested in the life-saving mission of Hope Pregnancy Clinic
- Forward them the email invitation or send them the link to our event page at hopeforsalem.org – Don't forget to send them the registration link!
- If you are comfortable with hosting a watch party at your home, church or other location, we say 'go for it!' This is a great way to share your heart for the mission of Hope. With two viewing times, you have great flexibility in hosting a lunch or a dessert or other social time.
- If you're tech savvy, you can host an online watch party either by Zoom or just by each watching the event in your own spaces and chatting by phone or text.

No matter how you gather together to celebrate the light we have in Jesus and the light that shines through Hope Pregnancy Clinic, we are thankful for your partnership!

And remember, we really need everyone to register for the event. If you would like to register for your guests, there is space on the registration form.
