

TALKING POINTS

HOPE PREGNANCY CLINIC:

- Hope is the “compassion arm” of the pro-life movement.
- Our mission is to empower women who are unprepared for pregnancy to make healthy, life-affirming decisions.
 - We are a free medical clinic offering pregnancy tests, ultrasounds, options counseling, community referrals and parenting/mentoring services.
- **In 2025, Hope saw 966 patients, performed 983 ultrasounds and had 131 participants in the Parenting Initiative mentoring program.**
- We provide free maternity clothes, baby gift bags with clothes, wipes, diapers and other essential material items to meet their physical needs.
- With every patient, Hope looks for the opportunity to share the message of God’s love and salvation. **In 2025, we had 20 women participate in the Parenting Initiative's optional Bible study, Who Is Jesus?**
